INSTRUCTIONS (WITH DIAGRAMS) :

- 1) Place a pegboard over one of the patterns. Make sure the notches are correctly positioned on the pattern.
- 2) Place the beads in the pegboard, referring to the colour numbers shown on the pattern. Your creation will start to come to life.
- 3) When you have filled up the pegboard, take a double-sided adhesive sheet and carefully stick one of the sides to the beads. Press down firmly, ensuring that all the beads are stuck in place.

TIP : Make a note of the position of each section of your creation on the adhesive sheets. This will make it easier to assemble the sections at the end. The position is indicated in the top right-hand corner of each pattern.

Repeat steps 1 to 3 until your photo is complete.

- 4) Assemble the sections of your photo using the notches, making sure each section is in the correct position.
- 5) Carefully peel back the other side of the adhesive sheets.
- 6) Select your preferred backing material and affix it to your Photo Pearls creation.
- 7) Turn it over and remove the pegboards one by one.
- 8) You can now hang your frame in your chosen location. Impressive result!
